

# Post-Crossover Action Sheet

With crossover behind us, we are in the home stretch for the 2021 General Assembly. But there's still plenty to do to help pass strong conservation policies -- triple your impact by taking the VCN 3-3-3 Challenge: three bills, three actions, three friends. Choose three bills to focus your advocacy on, select three engagement tactics (click the links for resources to guide you), and find three friends to join
